### **Power-Lift Make Light Work Of Disabled Access With Extensive Range**

Power-Lift the specialists in [conveyor systems](#) and [pallet handling](#) are paving the way in disabled access with their expert range of power lifts for the mobility impaired.

Nigel Roberts, director at Power-Lift, said, "Here at Power-Lift we specialise in tailor made and bespoke lifts which range from a simple wheelchair lift from lower floors, up to complete installations for hospitals and other disabled caring premises.

"Our lifts are designed to suit the application and are custom built for the conditions required, to ensure that disabled visitors are catered for and that businesses are meeting all of the relevant guidelines."

There are now a plethora of detailed laws which govern how [disabled access](#) to buildings should be handled, and many of these laws depend on the type of institution you are running.

Once you have established the ruling around this very sensitive topic, you will need to ensure that you are adhering to both the health and safety regulations and with the disabled access regulations, so it is essential that you speak to the professionals about this or you could be faced with a hefty fine or much more serious consequences.

Mr Roberts from the firm who specialise in the production of [bespoke lift tables](#) and [bespoke scissor lifts](#), added, "Here at Power-Lift we have installed access lifts into narrow boats, mobility impaired and goods lifts into a range of business premises and even mobility impaired garden lifts.

"Anyone seeking to find out more about our extensive and bespoke ranges should certainly contact us and we will be very happy to help."

For more information on the range of bespoke lift tables available, please visit the Power-Lift website at [www.powerlift.co.uk](http://www.powerlift.co.uk) or alternatively contact them on 0115 9269996

**Editor's Note:** Power-Lift is represented by [search engine optimisation](#) agency, AppleJupp Media.
